

The Twelve Days of Chemistry

(Sung to the tune of *The Twelve Days of Christmas*)

On the first day of chemistry

My teacher gave to me

A beaker for my lab bench

(Second day) Two ceramic pads

(Third day) Three brand new flasks

(Fourth day) Four work sheets

(Fifth day) Five golden moles

(Sixth day) Six flaming test tubes

(Seventh day) Seven unknown samples

(Eighth day) Eight homework problems

(Ninth day) Nine grams of salt

(Tenth day) A ten-page test

(Eleventh day) Eleven molecules

(Twelfth day) A twelve-point quiz
