	Iodine		
	Water		
	Heat		
B	Vinegar		
	Iodine		
	Water		
	Heat		
C	Vinegar		
	Iodine		
	Water		
	Heat		
D	Vinegar		
	Iodine		
	Water		
	Heat		
E	Baking soda		
F	Baking soda		

1. Why is it important to properly label all substances in the science laboratory?

2. Are there any other ways, besides tasting, that would have also allowed you to determine the identity of the unknown substances?
