# Experience the Flinn Difference.

We're here to support you with the right hands-on learning solutions for science—plus the best supplies, instructions, activities and advice to help your labs run smoothly. We're committed to helping you deliver the best possible science experiences to your students that may one day lead them down the path to new discoveries.

Flinn is

# 100%

## TESTED

Every product we sell has gone through in-depth testing in our lab. We rigorously test them—so you can trust them.

## ACCESSIBLE

Our staff of educators and science professionals is just a call away.

## GUARANTEED

We guarantee that no sale is complete unless you are 100% satisfied. It's really that simple.

## ALIGNED

Flinn's learning solutions support all current national and state science standards including an alignment to TEKS.

## PRICE MATCHED

If you find an identical item at a lower nationally advertised catalog price, we will match it.

## It's Easy to Order from Flinn Scientific!

## What would you do with an extra day each week?

Research<sup>(1)</sup> shows teachers spend seven hours per week looking for additional instructional resources and another five hours customizing those to fit their needs.

What if you had those hours back?

## PAVO Individual Teacher Licenses gives you back time!

Edit, download and print all of our hands-on lab instructions with your PAVO Individual Teacher License. Easily search Flinn's comprehensive library by topic or standard to make science come alive in your classroom! Assign Flinn's library of resources -- activities, asynchronous labs, videos, assessments and more... with just a click.

### 100s of standards-aligned labs.

Select from standards-aligned content to create lesson plans for the entire year. All labs are written and tested by Flinn's staff of scientists and science educators.

### Plan, edit and assign content and labs from one place.

With PAVO, our award-winning gateway to engaging and inspiring content, you can easily assign, plan and edit labs and activities to meet the needs of all your students, across all science disciplines.

### All levels. Including advanced.

Teach all levels of science with our customizable content, from middle grades to advanced, with our exclusive inquiry labs from our award-winning AP<sup>®</sup> prep program, FLINNprep.

Learn more at <https://www.flinnsci.com/pavo/individual-teacher-licenses/>

## Textbooks lacking when it comes to teaching hands-on science?

# FLINNconnect™

FLINNconnect is supplemental courseware that integrates direct instruction with hands-on labs to engage students and let teachers move beyond the textbook using practice-based standards.

This innovative program supports direct instruction and single-class-period hands-on labs for 20 essential topics for chemistry and biology is sure to transform your classroom.

### Essential topics.

FLINNconnect for Chemistry and FLINNconnect for Biology each cover the 20 most essential topics your students need to know.

### One period labs.

Designed to work within your time constraints, all FLINNconnect labs and activities in FLINNconnect can be taught in a single class period.

### Developed by scientists and science educators.

The digital courseware was developed by Flinn's staff of scientists and educators.

### Fits into your school year.

FLINNconnect is designed as a comprehensive hands-on lab solution for your entire course.

### Saves prep time with curated kits.

Flinn's staff has curated our most engaging kits that connect seamlessly to the courseware.

### Can work with any textbook or curriculum

FLINNconnect has been designed to complement any textbook or curriculum or stand alone.

FLINNconnect is part of PAVO, Flinn's award-winning digital gateway to a library of trusted resources for implementing hands-on science safely!
